

# OASIS BUILD & TRADING (FZE)

At Oasis Build & Trading (FZE), we are dedicated to providing high-quality building material solutions across the UAE, with expanding footprints in the Kingdom of Saudi Arabia and India.

## ABOUT US

### Oasis Build & Trading (FZE)

At Oasis Build & Trading (FZE), we are dedicated to providing high-quality building material solutions across the UAE, with expanding footprints in the Kingdom of Saudi Arabia and India.

Established with a vision to become a trusted partner in the construction and infrastructure sector, our company has built a strong reputation for reliability, consistency, and excellence. Headquartered in the UAE, Oasis Build & Trading (FZE) specializes in the supply of premium building materials, catering to the diverse needs of contractors, developers, and construction firms. Our extensive product range includes gypsum boards, ceiling systems, metal profiles, insulation materials, fasteners, adhesives, and other essential construction components.

## OUR OPERATIONS

- ⇒ **UAE** – Our primary market, with robust logistics and customer support ensuring timely delivery across all Emirates.
- ⇒ **KSA** – Partnering with key stakeholders to supply large-scale construction projects and infrastructure developments.
- ⇒ **India** – Leveraging our procurement and distribution networks to support regional demand for building materials.

## OUR MISSION

To deliver top-quality building materials with professionalism, integrity, and a commitment to client satisfaction.

## OUR VISION

To be recognized as a leading supplier of construction materials in the GCC and South Asian regions, known for innovation, reliability, and service excellence.

## WHY CHOOSE US?

- Wide selection of high-quality products
- Competitive pricing and transparent dealings
- Strong regional presence and logistics capabilities
- Dedicated customer support and after-sales service
- Commitment to timely delivery and project timelines

# OUR PRODUCT PORTFOLIO

Oasis Build & Trading FZE is proud to offer a comprehensive range of high-quality building materials tailored to meet the demands of modern construction and infrastructure projects. Our product portfolio is designed to support contractors, architects, and developers across the UAE, KSA, and India.

## 1. CONSTRUCTION WOODS

### A) PLYWOOD

We supply a variety of plywood types suitable for different applications:

- Commercial Plywood
- Marine Plywood
- Film Faced Shuttering Plywood
- Decorative Veneer Plywood

### B) MEDIUM DENSITY FIBREBOARD (MDF)

High-quality MDF boards for furniture, interiors, and decorative applications:

- Standard MDF
- Moisture Resistant MDF
- Fire Retardant MDF
- Laminated and Plain MD

## 2. SUSPENDED CEILING & PARTITION SYSTEMS

Complete solutions for interior ceiling and partition works including:

- ✦ Gypsum Boards (Regular, Moisture Resistant, Fire Rated)
- ✦ Ceiling Grid Systems (T-Grid, Concealed Systems)
- ✦ Metal Furring Channels and Main Channel , Wall angle
- ✦ Wall and Ceiling Accessories (Joint Tapes, compound, Screws, Anchors)
- ✦ Acoustic and Decorative Ceiling Tiles
- ✦ Gypsum Partition , stud & Track system .
- ✦ Shadow wall angle's W & F profile
- ✦ Customized Sizes & Coatings

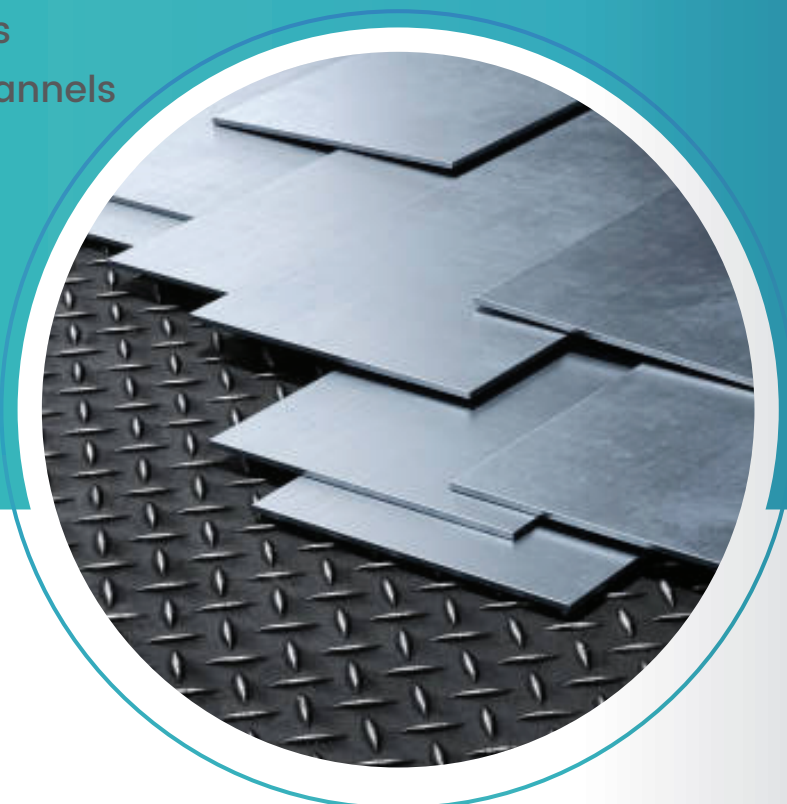

### 3. STEEL SHEETS & PROFILES

Robust steel solutions for structural and finishing applications:

- › GI (Galvanized Iron) Sheets
- › SS (Stainless steel) Sheets
- › Aluminum Sheets
- › Steel Profiles & Channels
- › Aluminum Profiles & Channels
- › Custom Steel Profiles and Channels
- › Custom Colour coating

## 4. ACCESS PANELS / HATCHES

A complete range of maintenance and inspection access solutions:

### A) FLOOR ACCESS PANELS

- Heavy-duty and load-bearing
- Flush or raised finish for tile, vinyl, or concrete surfaces

### B) CEILING ACCESS PANELS

- Metal and gypsum models
- Fire-rated and concealed frame designs

### C) WALL ACCESS PANELS

- Flush-mounted and tamper-proof options
- Designed for MEP access

## 5. STEEL BOLLARDS

Heavy-duty bollards for safety, security, and traffic management:

- ▣ Fixed, Removable bollards
- ▣ Galvanized, Powder-Coated & Stainless-Steel Finishes
- ▣ Suitable for commercial, industrial, and public infrastructure

## 6. GRATINGS

We supply a wide variety of industrial and architectural gratings designed for durability and functionality.

### A) STAINLESS STEEL GRATINGS

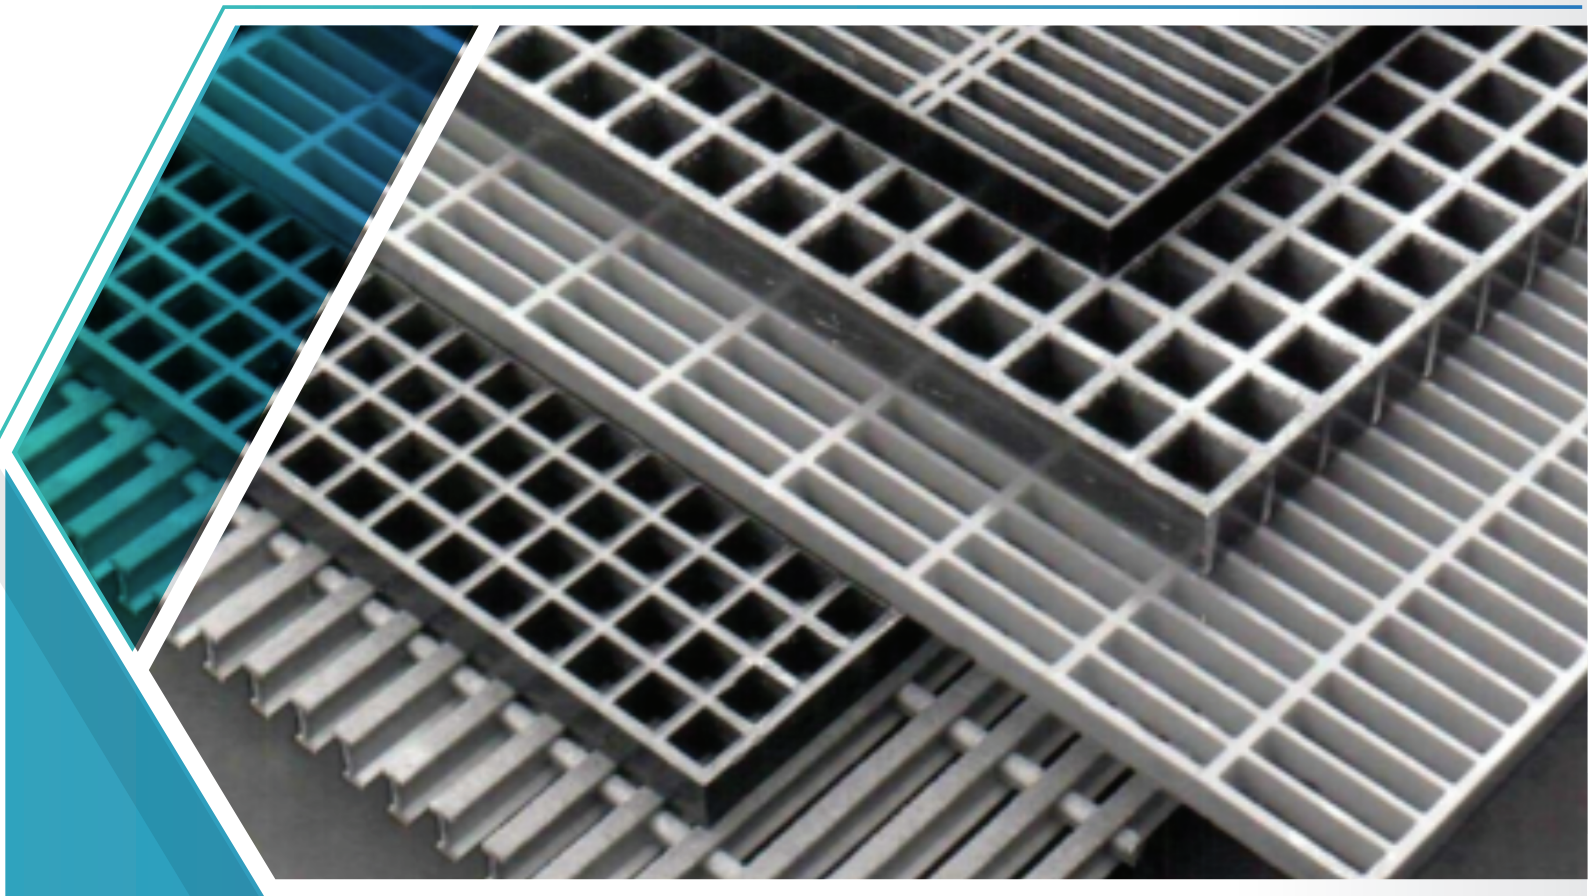

→ Corrosion-resistant, ideal for hygienic and high-end applications

### B) MILD STEEL (MS) GRATINGS

→ Galvanized or painted, suitable for heavy load-bearing areas

### C) GRP (GLASS REINFORCED PLASTIC) GRATINGS

→ Lightweight, non-corrosive, and low maintenance – ideal for industrial and offshore applications

## OTHER SERVICES

In addition to our core product supply, Oasis Build & Trading FZE provides a range of specialized services to support the evolving needs of the construction and industrial sectors.

### 1. ENGINEERING & DESIGN CONSULTANCY

We offer professional consultancy services to assist clients with:

- Material selection and specification advice
- Design optimization for Floors, ceilings, and other fit out works.
- Project estimation and technical documentation
- Custom fabrication planning and detailing
- Customized product integration into design layouts
- Project take-offs and BOQs
- Technical drawings and fabrication detailing

Our team collaborates closely with architects, engineers, and contractors to deliver efficient, cost-effective, and innovative solutions.

## 2. CUSTOMIZED STEEL PRODUCTS

We provide precision-engineered and value-added steel services to meet project-specific requirements:

### A) WATERJET CUTTING

- Accurate, cold-cutting technology for metals, glass, and composites
- Ideal for decorative panels and industrial applications

### B) LASER CUTTING

- High-speed, precise cuts for complex shapes and fine detailing
- Suitable for architectural metalwork, signage, and enclosures

### C) POWDER COATING

- Durable and attractive finish in a wide range of colors
- Excellent corrosion and weather resistance for outdoor and indoor use

### D) ELECTROPLATING

- Protective and aesthetic surface coating for steel components
- Enhances resistance to rust, wear, and chemicals

### 3. DECORATIVE CUSTOMIZATION

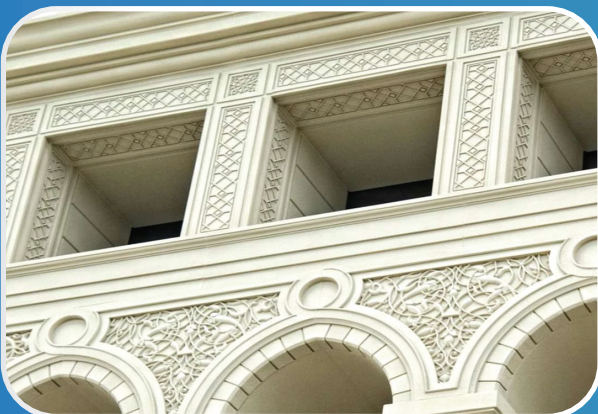

We specialize in architectural and decorative fabrication using advanced composite materials for interior and exterior applications:

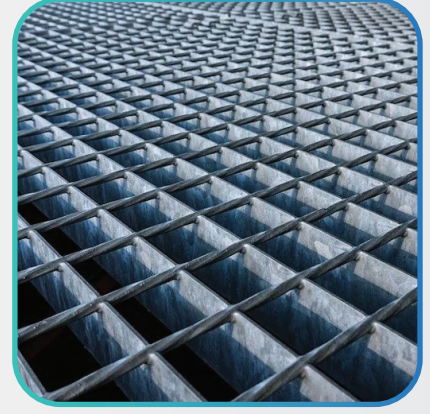

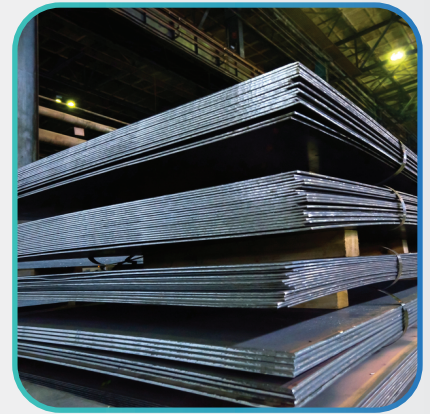

#### 1) GRC (GLASSFIBRE REINFORCED CONCRETE)

- ✓ Used for façade elements, cornices, and architectural cladding
- ✓ Durable, weather-resistant, and lightweight

#### 2) GRG (GLASSFIBRE REINFORCED GYPSUM)

- ✓ Preferred for detailed interior décor such as ceiling medallions, columns, and wall panels
- ✓ Smooth finish and easy installation for indoor environments
